AROUND THE CITY

DYNAMITE EXPLOSIONS

During the past few days citizens west end of the city have from time to time been startled by explosions came from the direction of the explosions were caused by the men at the power house clearing away the water intake and the purpose were calling dynamite to the intake which was badly blocked for some days is now clear and no difficulty is anticipated in this direction to make all possible progress however, the fact that blasted off distance above the intake.

AT THE POLICE COURT

At the Police Court this morning against Frank Evangelist, a case against Frank Evangelist, a case of Emanuel Skikawa, preferred by

fully lamenting the front door to the store of \$100 of his store on Nannam street. The charge was a result of the use of Shiwa for account last year.

There was a hearing last evening on the theft charge against George McNeil, who is the owner of the restaurant. After some evidence had been taken there was a further argument until Wednesday evening a verdict was returned by the jury. The prosecutor and G. B. O'Connor appeared.

ALDERMANIC CANDIDATES

There is a great dearth of aldermanic candidates up to the time, the only ones now in the bag are—

James J. Connelley, of the South Branch Construction Co., John J. Spencer, of McPhee & Galbraith, the two labor leaders, also, Francis and Hall, is a nominee.

But George Kernan, of the Oregon Alberta Herald, will be in the race, but Mr. Kernan has not yet made a decisive answer to those who are desirous that he should be a candidate.

IMPERIAL COERCION IN NEWFOUNDLAND

Charges That Affairs of the Country Are Being Governed by a Foreign Power—Maritime Provinces Are Much Aroused. Halifax Herald Makes the Charge.

Halifax, N.S., Nov. 16.—The Halifax Herald has published an editorial on the subject of Imperial Coercion in Newfoundland in the fight for fair play, and it has caused a great deal of interest throughout the maritime provinces. The Herald claims that Newfoundland is a victim of self-government, and that the British government is using the power of the Imperial Parliament to oppress the people of Newfoundland. The editorial is a strong attack on the British government, and it is believed that it will cause a great deal of discussion in the maritime provinces.

Deserted Armed Force.
It says Canada should be quick to give every moral support to Newfoundland in its fight for fair play, and it says that the treatment which has been meted out to Newfoundland is a disgrace to the whole empire. The editorial is a strong attack on the British government, and it is believed that it will cause a great deal of discussion in the maritime provinces.

Fight for Fair Play.
It is not exactly new news to our readers that the present British government is using the power of the Imperial Parliament to oppress the people of Newfoundland. The editorial is a strong attack on the British government, and it is believed that it will cause a great deal of discussion in the maritime provinces.

The Herald has kept its readers fairly well informed on that important matter, but it is not exactly new news to our readers that the present British government is using the power of the Imperial Parliament to oppress the people of Newfoundland. The editorial is a strong attack on the British government, and it is believed that it will cause a great deal of discussion in the maritime provinces.

Whole System Menaced.
It must be perfectly clear that if a British government is using the power of the Imperial Parliament to oppress the people of Newfoundland, then the whole system of self-government in the maritime provinces is menaced. The editorial is a strong attack on the British government, and it is believed that it will cause a great deal of discussion in the maritime provinces.

Facts of Case.
The main facts of the case are these: The British government is using the power of the Imperial Parliament to oppress the people of Newfoundland. The editorial is a strong attack on the British government, and it is believed that it will cause a great deal of discussion in the maritime provinces.

Legislation of Laws.
A few years ago the Newfoundland legislature enacted laws prohibiting the sale of pure spirits, and the British government is using the power of the Imperial Parliament to oppress the people of Newfoundland. The editorial is a strong attack on the British government, and it is believed that it will cause a great deal of discussion in the maritime provinces.

FRENCH IMMIGRATION TO WESTERN CANADA

An Article Written for the Bulletin Showing the Influence of the Movement in the Maritime Provinces, and the Large for Two Reasons—Progress of Individual Settlements.

The closing immigration season has seen another deluge of French immigration to the western provinces. Although it does not yet begin to show signs of being a permanent feature, the movement is of considerable importance, and it is believed that it will cause a great deal of discussion in the maritime provinces.

AROUND THE CITY

LOCAL.

Hector Cowan, K.C., has been admitted to a partnership in the firm of Short, Cowan & Biggar.

The Ancient Order of Foresters will hold a social and dance at the Mechanics hall on Wednesday evening at half past eight.

Neville F. Harbottle, who underwent an operation at the General hospital several days ago, is reported considerably improved this afternoon.

On account of the large amount of business transacted, the city assessor and tax collector has been given a secretary, John McNeil, since the 21st.

At the office of the building inspector this afternoon a permit was taken out by A. T. Cushing for a \$1,500 outlay on lot 20 block 1 R. L. Government avenue.

The St. Andrew's Society will meet in the council chamber tomorrow evening at 8 o'clock. The election of officers will be held and the question of holding a St. Andrew supper will be discussed.

At the R.N.W.M.P. baracca yesterday afternoon the hearing of the charge against the proprietor of the Parian restaurant, O. George, for selling liquor without a license was adjourned till Saturday.

The annual meeting of the Women's Home Missionary auxiliary will be held in the school room of First Presbyterian church, Wednesday night, Nov. 18, at 8 o'clock. All the ladies of the congregation are invited.

W. K. McKenna, brother of D. S. McKenna, deputy assistant of education for Alberta, who was in the hospital ill with typhoid fever, received a telegram from his brother-in-law from the High Commissioner's residence in London, confirming the calligrapher to President of the previous day, announcing Mr. McKenna's illness.

R. W. Scott, of Winnipeg, and A. K. Morrison, of Calgary, manager of the McArthur Hotel, Winnipeg, are in the city for the purpose of securing a license to operate a company here. The company has leased the building at the corner of the new McDonald & Second block adjoining the Windsor hotel, and will open within the next two weeks.

This is Mr. Scott's first visit to Edmonton. When he arrived, he found the city so improved he was decidedly impressed that his company would have a branch here.

NEW BOARD OF TRADE OFFICE.

The office of the secretary of the Edmonton Board of Trade is being moved today to the new building at the north end of the Hanna Block, two doors north of its former location. The Executive Association has secured the adjoining room in this block and has put in an excellent display of the grains, grasses, vegetables and other products of the district. Two rooms are connected by an archway and will offer much better accommodation both for the Board of Trade and for the district exhibitors.

PERMISSION TO CROSS C. P. R.

City Selector Brown received a telegram last night from the representatives in Ottawa, stating that an order had been signed by the board of directors authorizing the crossing of the C. P. R. by the street railway on Whyte avenue. Brown has been given permission to cross the Saskatchewan bridge has not yet been received.

The two cars now in operation between Twenty-first street and the north end of Whyte avenue, are now running as far north as North Street. This course was made necessary owing to the fact that the cars of the Newmarket works who formerly were compelled to walk down as far as the car line.

This morning Superintendent Taylor was engaged in getting the cars in shape for operation. The third car is not all ready for use and the fourth will be in order this afternoon when the trolley poles are placed in position. These cars are not to be put on the line, however, till the increased electric power is furnished.

When will the power plant be ready is the all important question at the city office. Supt. McLaughlin several days ago said it would be in operation by tomorrow evening and he adheres to that statement. It is a possibility, however, that it may not be so late.

The men employed to get everything in shape as quickly as possible. Yesterday afternoon a plant was going at its full capacity on a test for a short time. No defects had to be remedied and so the machinery was again shut down.

THE WEATHER.

Fine weather has been general in all districts of the prairie province. In Manitoba and Saskatchewan it has been mild and Alberta comparatively warm.

Forecast: Manitoba—Fine and mild. Alberta and Saskatchewan—Fine and comparatively warm today and Wednesday.
